

V_LED up to 12V (e.g. for use with WS2815 LEDs)
If using 5V LEDs (WS2812b), bridge JP3 to power
Teensy directly from 5V supply

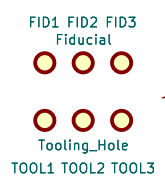

Header 2x3 2mm

R+	1	6	R-
ENET_LED	2	5	
T-	3	4	T+

Diagram showing the wiring for the 2x3 2mm header. The connections are as follows:

- Pin 1: R+
- Pin 2: ENET_LED
- Pin 3: T-
- Pin 4: T+
- Pin 5: ENET_LED
- Pin 6: R-

- Unless otherwise noted, all passive components:
- Size 0603
- Capacitors rated 6.3V+
- All resistor values = 100R
- Resistors rated 1/16W+
- Tolerances not critical
